9.) Confirm download

10.) There will be a download icon (see photo step 8) that shows the process of the download once pressed, after the progress bar finishes click the zip file. It should bring you to your download files directly

11.) If you want to find the download files in your phone manually follow these instructions

a.) Go to your phone home screen. Look for the “files” icon, which is a white square icon with a blue folder file on it. (If you do not see it, slide the home screen over to the right. In the search bar at the top, type “files.” You should immediately see the “Files” icon.)

Tap the Files icon on your phone

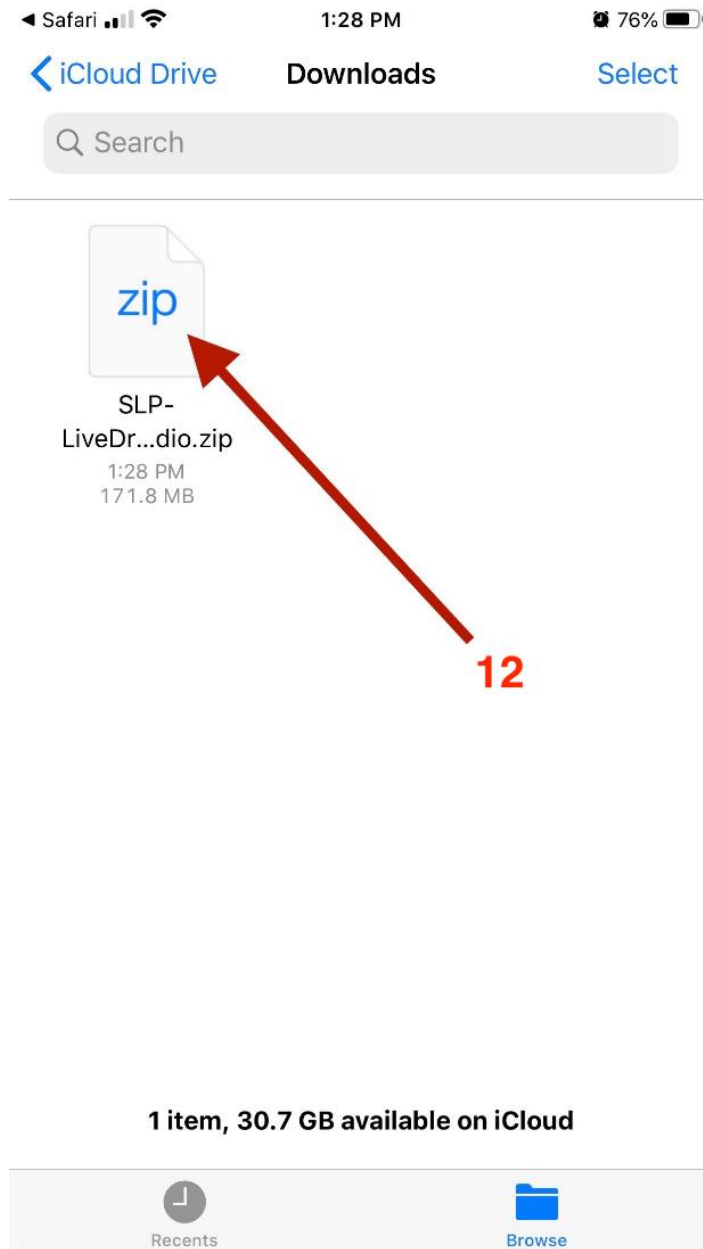

b.) Make sure you are in Browse not Recent, select the blue file folder icon titled “Downloads.”

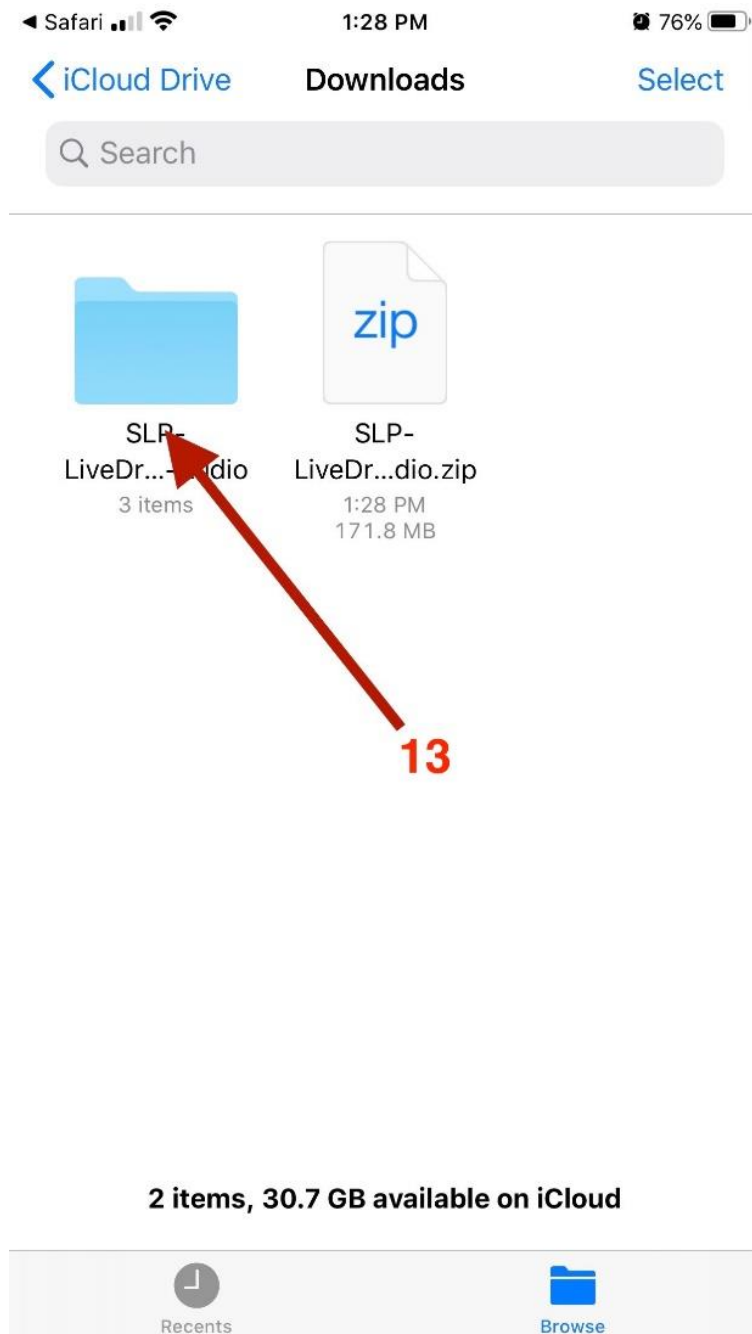

12.) Select “SLP-LiveD...Audio.” and the file should unzip

(If you have an older model iPhone, the file may not unzip. In this case you will need to use a different device to download and unzip. or purchase the album directly from iTunes or .)

13.) Open the unzipped version

14.) On the new screen page, you will see two blue file folder icons. One is titled “Act One” and the other is titled “Act Two.” (You will also see a small color picture of the cover of the audio drama.) Tap on the folder you want to listen to.

15.) The next screen page will show several icons that look like white pages with a blue square outline and a “sound” bar pattern. Tap the one you want to listen to.

The new screen page is white with an arrow in the center. Tap the arrow. to start playing the audio track, (Or you can tap the tiny blue arrow at the bottom of the screen.)

On the same page, if you want to listen to the next track, or jump out of order, you can tap the “list” icon at the bottom right of the screen. To move back and forth in the track, you can touch and slide your finger along the squiggly line at the bottom of the screen.

The tracks will begin playing on your iPhone!

To play the audio files again later

Go to your home screen, swipe toward the left, and you should see the Files icon.

Tap the icon.

Then you will see a screen with “Downloads” written at the top. Tap on the “SLP-LiveD” blue file folder icon.

Then tap the folder you want, Act One or Act Two and proceed the same way as above.

To hear the whole performance of each Act, without any interruptions, you will need to transfer the files to your iTunes library from a PC Computer or a Mac.

There are explanations of how to do this for various devices available on the internet. Here is a link to one video that shows how to use a computer to add MP3 files to your iPhone or iPad.
